

Roots Resilience Romance

On Feb 14 we join the 1 billion rising campaign to stand for **WOMEN** and **CLIMATE JUSTICE**. Women are key to sustainable solutions. When women farmers are empowered, we will see **FOOD SECURITY**.

Join us to learn more, share your message on a poster, receive a **FREE** Native Plant, Huli, or Seeds to cultivate with your special Someone. Weaving and other cultural demonstrations will be showcased.

More activities are being added and will be updated on Facebook.
